qBotica

Brand Strategy

At qBotica, a strong and consistent brand reflects the strength of our global organization. Across every location, team, platform, and customer interaction, qBotica should be immediately recognizable through a clear, professional, and cohesive brand identity.

These guidelines provide our employees, partners, and extended network with the standards needed to represent qBotica confidently and consistently while protecting the integrity of our brand.

Use this guide when creating presentations, marketing materials, advertisements, digital content, websites, apparel, event signage, and other branded communications. By following these standards, we ensure that every expression of qBotica reinforces who we are: innovative, trusted, enterprise-ready, and built for the future.

qBotica

Our inspiration

The advance of technology is based on making it fit in so that you don't really even notice it, so it's part of everyday life.

\- BILL GATES

qBotica Overview

Founded in 2017, qBotica is a global enterprise AI and automation company helping organizations transform how work gets done. By combining AI agents, intelligent automation, data, applications, workflows, and human expertise, qBotica delivers secure, scalable solutions that produce measurable business outcomes.

Past

qBotica built its foundation in robotic process automation and intelligent automation, helping enterprises eliminate repetitive work and modernize complex operations.

Present

Today, qBotica is an enterprise Agentic AI company. Through qubi and its managed services, qBotica designs, deploys, and operates intelligent workflows connecting AI agents, automation, systems, data, and people.

Future

qBotica is building toward the autonomous enterprise, where governed AI agents and people work together to make decisions, execute processes, and continuously improve operations at scale.

01. LOGO

- Logo
- Variations
- Grid System
- Background

qBotica

Logo Variation & Free Space

The two qBotica logos comprise customised Logotype and Logo Symbol. We refer to them as Corporate Logo A and Logo B and they are of equal importance. The decision to use one or the other depends on the situation and the space available. **Horizontal logo should be priority depending on the nature of the design.**

To ensure visibility and protect Corporate Logo A and Logo B from other elements such as text and graphics, both logos are surrounded by a defined free space. The free space should never be less than the 'a' in the logotype measured from any part of the logo. The grey area indicates the free space and the dotted lines and letters are for illustration purposes only and not to be reproduced.

qBotica

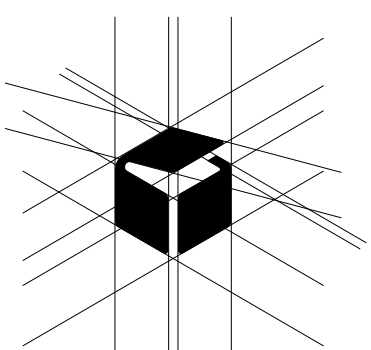

Logo Grid

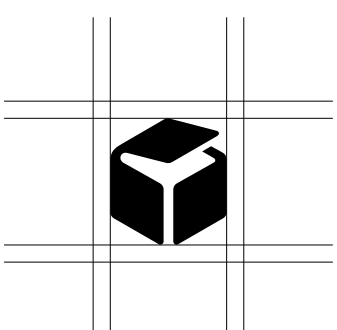

The logo is built on a precise geometric grid to ensure consistency, balance, and visual harmony. Every curve, angle, and proportion has been carefully constructed to create a mark that is both aesthetically refined and functionally versatile.

The grid serves as the foundation of the logo's architecture, preserving its proportions across all sizes and applications. It should be used only as a reference to understand the logo's construction and must never be altered, redrawn, or used to recreate the logo manually.

Maintaining these proportions ensures the integrity of the brand identity and guarantees a consistent visual presence across print, digital, and environmental applications.

Logo Don'ts

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat.

Cannot be tilted

Cannot Change colour

Cannot Change placement of logo element

Cannot be place over images where it lacks visibility

Only be used as per specified guidelines

02. COLOR

- Main Color
- Secondary Shades
- Background Color

qBotica

Main Color

These colors can and should be used most prominently throughout brand-related materials and designs. The values that should be used for print applications are the CMYK and Pantone (PMS) values. For digital applications, the RGB or HEX values should be utilized.

Orange

#FF7705

CMYK 0, 70, 100, 0

RGB 255, 119, 5

Black

#000000

CMYK 0, 0, 0, 100

RGB 0, 0, 0

Dark Grey

#636466

CMYK 0, 0, 0, 75

RGB 99, 100, 102

qBotica

Secondary Shades

Secondary colors complement the primary palette by adding flexibility and visual hierarchy across brand applications. They should be used to support layouts, categorize information, highlight secondary elements, and create balanced compositions without overpowering the primary brand colors.

Pastel Yellow	Orange	Pastel Red	Torquoise green	Torquoise Blue	Pastel Lavander
#e9d972	#ee761f	#db2955	#58b09c	#2ecadc	#bbb6df

qBotica

Background Color

Background colors provide the foundation for every brand experience. They establish visual balance, improve readability, and ensure that the brand's primary elements remain clear and impactful across digital and print applications. Neutral colors can also be used as background color.

Orange

#FF7705

CMYK 0, 70, 100, 0

RGB 255, 119, 5

Black

#000000

CMYK 0, 0, 0, 100

RGB 0, 0, 0

Dark Grey

#636466

CMYK 0, 0, 0, 75

RGB 99, 100, 102

03. TYPO

- Print Typeface
- Digital Typeface

qBotica

Print TypeFace

Our print typography is selected to deliver clarity, professionalism, and visual consistency across all physical brand materials. Whether used in brochures, business cards, stationery, packaging, reports, or event collateral, the approved print typeface ensures excellent readability and reinforces the brand's identity. Consistent use of font weights, spacing, and hierarchy creates a polished and premium appearance in every printed application.

04. IMAGERY

Imagery Style

Imagery plays a crucial role in telling our brand story. It has the power to capture the essence of our team, visually convey what we do, and connect with our audience in a meaningful and impactful way.

Our imagery style is intended to be geuine, happy people, and technology-centric. It should organically tell our story in a way that represents our global team and our hands-on approach. The imagery must feel human, as it is often responsible for turning abstract concepts or services into a relatable visuals.

qBotica

Text over Image

To ensure maximum readability and maintain a consistent brand aesthetic, all background images used behind text should be converted to black and white. The area beneath the text must be enhanced with a dark overlay to create sufficient contrast between the background and typography. This treatment keeps the focus on the message while preserving the visual impact of the imagery.

qubi

Logo & Free Space

The qubi logo comprise customised Logotype and Logo Symbol. We refer to them as Corporate Logo. The logo comes with qBotica logo and without qBotica logo. If qubi logo is used in a qBotica collaterals, qibi logo without qBotica logo can be used and if used in a qubi collateral with no other qbotica logo present in the layout, then qubi logo with Qbotica logo must be used.

To ensure visibility and protect Corporate Logo from other elements such as text and graphics, logo is surrounded by a defined free space. The free space should never be less than the ‘u’ in the logotype measured from any part of the logo (Prefered 2 stacked ‘u’). The grey area indicates the free space and the dotted lines and letters are for illustration purposes only and not to be reproduced.

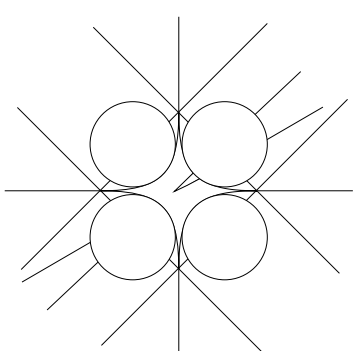

qBotica

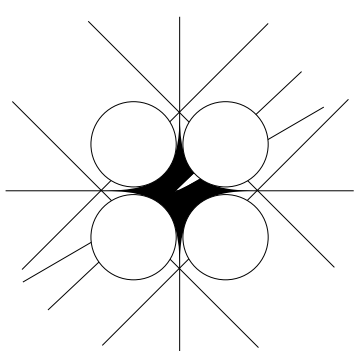

Logo Grid

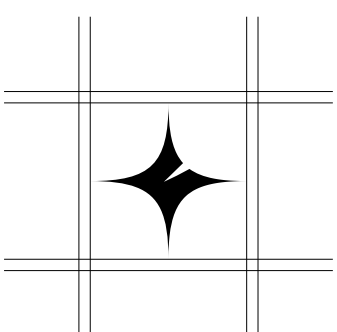

The logo is built on a precise geometric grid to ensure consistency, balance, and visual harmony. Every curve, angle, and proportion has been carefully constructed to create a mark that is both aesthetically refined and functionally versatile.

The grid serves as the foundation of the logo's architecture, preserving its proportions across all sizes and applications. It should be used only as a reference to understand the logo's construction and must never be altered, redrawn, or used to recreate the logo manually.

Maintaining these proportions ensures the integrity of the brand identity and guarantees a consistent visual presence across print, digital, and environmental applications.
